SHIFTUP

GO PLACES IN THE ROAD TRANSPORT INDUSTRY

The road transport industry employs over 50,000 New Zealanders and offers a number of career opportunities – including transporting goods, servicing and repairing vehicles, warehousing, distribution, logistics and administration services.

ShiftUp offers secondary school students learning opportunities in the Road Transport industry, with credits towards NCEA and a great introduction to the workplace.

Supported by MITO, in partnership with secondary schools and local businesses, ShiftUp has both theory eLearning and practical workplace learning. Unit standards completed for ShiftUp can be used towards the next step in a MITO traineeship in the road transport industry.

ShiftUp can be completed via Gateway (18 credits).

Gateway

What is the fee per student?

The fee for ShiftUp is \$200* per student, per year. This covers the eLearning theory and practical assessment (managed by MITO) along with the support the school and students receive from sign-up to completion.

How does the student access eLearning?

The student must have a unique email address and access to an internet-enabled computer, tablet or mobile phone. After enrolment, the student will receive an email with their log-in details to MITO's learning management system.
